

# THAILAND!

## Media & Exposure Trip

SUMMER, 2019

### Exposure Trip

#### **Come Experience Missions For The First Time!**

We will visit local Buddhist, Muslim and Hindu places of worship. Interact with local ministries and missionaries to discover and pray for their specific needs related to life and work in Chiang Mai. Do prayer walking specifically designed to address issues in Thailand. Have general cultural exposure and dedicated times of personal reflection.

Team Size: 6-10

### Media Trip

#### **Did you know Missions can include Photography and Video?**

We will assist with a current project currently supporting the missions community in Chiang Mai or nearby and potentially develop our own media piece that will give trip members great exposure in to what it means to use media in missions.

Team Size: 3-5
